

Activity Bingo!

Spring 1

Activity bingo is a chance to complete tasks away from school that you can do in your own time and pace!

It's simple: choose a task from the boxes, when you have finished, cross it off and get a grown-up to sign it. Only the **yellow** boxes are compulsory; **red** boxes will require some equipment and the **blue** boxes do not require any (both red and blue are bonus tasks). Those who finish ALL will get an end of term prize!

Bake something! Follow instructions with a grown-up.	Write or draw pictures about your weekend.	Throw a ball in the air and catch it 20 times.	Keep a weather diary for a week.	Take a photo during a winter/spring walk. (with you in it!)
Help an adult make dinner.	Design your own windmill. (can you make it too?)	Watch a weather report.	Find pictures of each season.	Can you remember the 7 continents and find them on a map?
Read out loud to a family member.	Make a poster showing clothes to wear when it is cold!	Count to a 2 digit number in 2's, 5's or 10's.	Count how many times you breathe in one minute.	Make a poster showing clothes to wear when it is hot!
Write down what healthy food you have eaten in one day.	Write down the time that you eat breakfast and dinner.	Can you remember how to spell different kinds of weather?	Do 20 Star jumps, or clap 50 times as quickly as you can!	Look in your garden or a park, note down any trees that still have leaves.

You could get an adult to take photos of your challenge to bring into school.
